## Home and Independent Living Training Program

Do you:

- ✓ Get described as compassionate and caring?
- ✓ Like helping people live well and enjoy life to the fullest?
- ✓ Think you would like to make a difference in the lives of seniors?
- ✓ Want to start a new career in a stable industry, with opportunities for growth?
- ✓ Want to participate in a short, **free** training program that will help you find work in a rewarding field?

New workers are urgently needed to help B.C. face the shortage of skilled workers in independent living and home health care. Working in this growing sector is incredibly rewarding, pandemic-proof, and offers countless opportunities for career advancement.

With support from the Ministry of Advanced Education and Skills Training, EngAge BC is offering free training for those who want to become Home Health Companions or Hospitality Workers in independent living.
